

(Crystal + Diamond)

FEATURES :

In terms of professional Microdermabrasion systems there are two choices : Crystal Microdermabrasion and Diamond Tip Microdermabrasion.

Crystal Microdermabrasion systems are traditional treatment of choice and rely on tiny crystals that are blasted onto the skin to perform the exfoliating process.

Diamond Microdermabrasion systems operate without the need for crystals. The exfoliation process occurs when a diamond tip head makes contact with the skin and abrades against it. This is very innovative skincare technology.

Applications :

Sun damaged skin, Fine lines and wrinkles, Acne scars, Enlarged or oily pores, black heads and white heads, age spots/superficial pigmentations, Post-traumatic pigmentation, General exfoliation/ rejuvenation, Adjunctive to cosmetic surgery & Blending post-lasered skin.

TECHNICAL SPECIFICATIONS

Electrical Requirement	230V AC, 50 Hz
Dimensions	420 x 300 x 400 mm
Weight	20 Kgs.

Available Options :

1. Crystal + Diamond
2. Diamond + Aqua Peel
3. Diamond + Jet Peel
4. Aqua Peel + Jet Peel
